

Lesson 7: Rehearsing a Scene

Now it is time to rehearse the scene you have made.

Rehearsing shows you how the scene appears and behaves when it is played.

Lesson 7: Rehearsing a Scene

The screenshot shows a rehearsal interface. At the top, it says "My First CREATE Together™ Session". The background is a video of a blue whale in the ocean. A white box on the left contains the text "The Ocean by John Smith". A video player on the right shows a close-up of the whale's head. A mouse cursor is pointing at a button labeled "End F" on the right side. A blue instruction box at the bottom reads: "To end the rehearsal, right click (click the context button) on the black area or in the upper left corner of the screen. Then click the End Rehearsal button."

GOOD!
